

## Retail Price Guide

Call us now on 020 7223 4017

Every Glasstrends shower enclosure is custom made to your specific requirements. The following prices are intended as a guide only. We can supply a screen to your own dimensions or you can use our in house site survey and installation service where we take responsibility for site measuring and the installation. When using our survey and installation service you will benefit from our free of charge guarantees.

We advise that you contact us as early as possible in your project so we can help you with any design considerations, structural requirements or setting out instructions.

Lead times are subject to our work load at time of order but as a guide we offer the following options:

- Supply only to customers own dimensions approx 10 – 15 days
- Site survey and installation approx 15 – 20 days
- Express installation service 7-10 days (subject to feasibility check at time of order).
