A LA MODE STYLE

SEATTLE

A first class design for exquisite tastes, Seattle exudes a touch of urban style with its linear shape and on trend finishes. A deep drawer with an innovative low back design guarantees the most pampered homeowner plenty of space. Featuring a streamlined and recessed lozenge shaped handle with curved ends that perfectly juxtaposes the entire design.

BAUHAUS IT'S ALL ABOUT YOU
SUGGESTED BASINS

We offer an extensive collection of countertop washbasins to proudly complement the Seattle bathroom range. Whether you're looking to create a practical family wash station, the ambiance of a hotel suite or a design that's a little less ordinary, Bauhaus has the solution.

See page 260 to discover which basins are compatible with the Seattle range.

UNSURPASSED CUTTING-EDGE DESIGN

LINEA

Clean lines and crisp angles converge to form Linea, the architects' first choice that embraces minimalist design to create Modernist style with an immediate sense of luxury. This simply stunning range has been designed with impressive practical elements with a sculptural round or crisp square shaped basin for the style savvy homeowner.

MODULAR VERSATILITY

ESSENCE

The beauty of Essence is its enormous versatility to combine multiple design configurations that incorporate single or double basins, variance of drawers and tower units, all to suit your needs. The unique strong grain texture and characteristics of Essence are imbued in four smart finishes to complement all schemes.

Furniture shown: Essence Ebony Tap shown: Essence Illuminated Mirror shown: Essence

Furniture shown: Essence Ebony Accessories shown: Zeya

With the Ebony wood effect finish, you can achieve the aesthetic beauty of real wood with the additional benefit of incredible durability - essential for all bathroom environments. Fusing classic design with contemporary style, the dark tones of Ebony create a luxurious feel within the bathroom. Blending style, quality and practicality, the stunning LED illuminated mirror features a clever steam free function.

NATURAL TONES CREATE A RELAXING SPACE

The natural tone of the walnut finish perfectly complements the elegant contours of Essence, creating a serene ambiance in the bathroom to ensure your pampering heaven is perfect. The rich colour of the real wood veneer instantly warms up the room and is a classic choice for the bathroom. Pair with sleek chrome handles for a sophisticated storage feature.

Integrated fine ceramic washbasins and soft close or smooth push to open drawers are just some of the clever features of Essence that attributes to its award winning design. Supplied fully assembled with reversible left or right hand door openings and a 2-way drawer adjustment, this range conveniently and effortlessly integrates into any bathroom scheme.

SMART STORAGE SOLUTIONS

BAUHAUS IT'S ALL ABOUT YOU NUMEROUS LAYOUT CONCEPTS

Incorporate a multitude of tower and short height storage units with numerous layout concepts that effortlessly streamlines any space. The modular design of Essence enables you to choose a design format that perfectly suits the size of your bathroom, your needs and storage requirements.

Just a few of the layout options possible with Essence.

All single door units are universal left/right hand opening; the design variations shown can all be achieved without having to specify door opening format.

BAUHAUS IT'S ALL ABOUT YOU PUSH DRAWER OPERATION

Just a gentle push will reveal abundant storage space behind contemporary handleless door and drawer fronts. The under basin drawer boasts a reduced height back panel to ensure easy installation and easy access for service. The storage units feature height adjustable interior shelving and are universally hinged to suit any bathroom requirement.

Paired with pure white basins, a walnut finish is perfect for today's savvy customer seeking a spa-like atmosphere. Adorned by rich brown tones and a horizontal grain pattern, all Elite basin units feature a generously sized bowl, which is offset to the left with plenty of space available for toiletries.

BAUHAUS IT'S ALL ABOUT YOU
WC FURNITURE

The Design range of WC furniture effortlessly streamlines and completes the bathroom. The height adjustable WC furniture units also allow for cisterns to be concealed providing a stylish interior. You can also optimise unused space around the WC with the practical range of slimline cabinets.

CURVACEOUS BEAUTY

STREAM

Beautifully curved drawer fronts in elegant high gloss white lacquer or a real wood veneer, Stream embraces sophistication that flows gently through the curvaceous contours of the design. Supplied fully assembled with a factory fitted hanging system and soft close drawers and doors, the units can be reversed to suit right or left hand door opening.

Furniture shown: Stream White Gloss Tap shown: Modest Illuminated Mirror shown: Celeste Accessories shown: Modest

Just because you're limited with space, it doesn't mean you have to compromise on style or design. Stream 440 can fit snugly within the smallest of spaces but remains well proportioned when it comes to internal storage and basin size. Complement Stream furniture with the Stream II wall hung pan to streamline your bathroom interior.

SMALL SPACES, BIG STYLE

BAUHAUS IT'S ALL ABOUT YOU
PERFECT HARMONY

Beautifully shaped with subtle curving, choose from the coordinating range of sanitary ware that effortlessly streamlines your bathroom design with the Stream furniture units.

MODERN TODAY, CLASSIC TOMORROW

Well proportioned with smooth contours and plenty of under basin storage, the beauty of Stream is the eclecticism of its style. With perfectly engineered fine edge design and a soft close drawer with a 2-way adjustment, this range is also highly functional.

Furniture shown: Stream White Gloss Tap shown: Modest Accessories shown: Modest

Furniture shown: Stream American Walnut Tap shown: Modest Illuminated Mirrors shown: Solo

SUBTLY CURVED AND BEAUTIFULLY FINISHED

Effortlessly stylish, Stream encompasses sweeping curves for an ultra chic statement. Offering a premium quality finish, the wooden accents add warmth to the bathroom interior. Choose from timeless high gloss white, real wood rich American Walnut or exotic Wenge and join with a crisp white basin for a contemporary finish. Whichever finish you choose, the rounded doors soften the linear design to provide your bathroom with an attractive focal point.

SUMPTUOUS, RICH WOOD TONES

Bring warmth and comfort into the bathroom by opting for a richly toned Walnut finish. Originating from the finest sustainable European sources, these real wood veneers are UV resistant and have been carefully crafted and hand finished to ensure optimum excellence.

BAUHAUS IT'S ALL ABOUT YOU
SOLUTIONS FOR COMPACT SPACES

To complete the look of your bathroom,
choose coordinating sanitary ware that's
been designed to complement the Stream
range. Matching bidets and WC's will bring
unity to both large and small bathrooms.

A CLEAN LINEAR FINISH

EDGE

A signature Bauhaus design with its floating appearance, this modern, water resistant console is created with the highest quality of workmanship. Edge effortlessly combines form and function with ingenious under basin storage, smooth soft close drawer sets and a hardwearing finish.

AND SLEEK

BASIN CONFIGURATION OPTIONS

Perfect proportions and impressive craftsmanship echo sharp European design that emulates sophistication in any bathroom scheme. Get organised with endless drawer layout options and complete the look with Bauhaus basin designs that feature single bowl and luxury twin basin styles. An inventive system on the 1200mm console allows for the internal drawer layout to be suitable for single or twin basins - see page 132 further details.

CONTEMPORARY AND COMPACT

SOLO

Compact in size but big on style, Solo features intelligent proportions for optimum storage space. Available in a choice of five stunning colours, Solo is hand polished in a striking high gloss lacquer.

Furniture shown: Solo Graphite Tap shown: Solo Illuminated Mirror shown: Solo

Furniture shown: Solo Azure Tap shown: Central Illuminated Mirror shown: Solo Accessory shown: Central

For a statement look, Solo in Azure blue creates a stunning focal point for any ensuite or bathroom. The rich tones of the high gloss finish create a visual impact that works well in minimalist schemes, as well as completing a hotel boutique theme.

BEAUTIFUL IN BLUE

Furniture shown: Solo Calico

Modern and minimal with subtle curved edges and a practical worktop space, Solo features hardwearing high gloss basin units that are taller in height than most units of this size. Full depth drawers are smooth to open, can accommodate weightier bottles and boxes and are supplied completely assembled.

SIMPLE YET ELEGANT

A high-gloss, soft grey finish blends perfectly with white bathroom suites and enables you to experiment with coloured walls or tile features. With its neutral tones, the quartz vanity unit will also complement a monochrome theme with style. It's light tone and gloss finish reflects light and creates an illusion of more space in compact areas or bathrooms.

BAUHAUS IT'S ALL ABOUT YOU

TIMELESS WHITE

Classically elegant, white is forever fashionable when it comes to bathrooms. White is the perfect choice for a flexible scheme as it allows you to easily add a hint of colour or display your favourite bathroom accessories. A popular choice for smaller spaces, a white bathroom scheme also helps to illuminate the room, whilst the glossy finish bounces light around the bathroom.

BAUHAUS IT'S ALL ABOUT YOU DE-MISTING MIRRORS

Eliminating the inconvenience of mist, each mirror design features demisting pads that are automatically activated with the mirror's lights. The pads gently warm to just above room temperature and the demisting effect will spread approximately 10-20% further than the pad itself, so you can continue to enjoy a bit of pampering.

MIRRORED CABINETS

Adding much needed room to store away all your toiletries with height adjustable internal shelving, each cabinet features integrated near natural fluorescent lighting with a motion sensor on/off switch that lets you wave goodbye to dated pull switches for a modern finish. Choose from single or double door styles for a versatile cabinet that conveniently fits into any space.

Sophisticated styling and huge practical features exude the range for any bathroom. With flexible interior storage, the moveable shelves accommodate all everyday toiletries. Stylish and functional, there's vertical and horizontal LED lighting designs that enhances the overall scheme. Each easy to clean aluminium cabinet is resistant steamy bathrooms with double sided mirrored doors that add luxury and practicality. A shaver socket is cleverly located on the underside of the cabinet to free up internal space for storage.

All cabinets are IP44, Class I rated and suitable for installation in Zones 2 and 3 of a bath or shower room, see page 281 for more information on electrical safety and installation. Cabinets conform to BS EN 60598-1:2008+A1: 2009 and BS EN 60598-2-1:1989. Fluorescent feature electronic ballast, and are fast on off with minimal flicker effect.

BAUHAUS IT'S ALL ABOUT YOU MIRRORED CABINET FEATURES & BENEFITS

1 NO TOUCH SENSOR SWITCH

High tech sensor switch, so no unsightly pull cord, discreetly positioned underneath the cabinet for simple use. IP44 rated.

2 UK SHAVER SOCKET

Located internally for easier access and use. Also suitable for electric toothbrush charging. IP44 rated.

3 SLEEK STORAGE

Carefully designed so the depth is perfect over most basin sizes; yet possessing a spacious interior to store regularly used toiletries.

4 ALUMINIUM CARCASS

Fully rigid, strong easy to maintain anodised aluminium carcass, perfect for use in humid bathroom conditions.

5 INTEGRAL LED LIGHTING

Near natural truly practical low energy light source. No-flicker instant on and off illumination. IP44 rated.

6 DOUBLE SIDED MIRRORED DOORS

Really practical head and shoulders height viewing. Double sided enables you to apply make up and shave even when the door is open. The mirror's edges are sealed to minimise the possibility of moisture damage.

7 CONTINUOUS SHELF HEIGHT ADJUSTMENT

Intelligent shelf height adjustment allowing shelves to be adjusted to any height, without unsightly drilled holes.

8 SOFT CLOSE DOORS

Clatter and clunk free closing with fully adjustable soft closing hinges.

ILLUMINATED MIRRORS

Reflect your style and enhance your bathroom's design with a Bauhaus illuminated mirror, featuring LED lighting that creates fabulously low energy consumption. Choose from models that feature a host of details such as shaver sockets, ambient under lighting and even speakers with *Bluetooth*® wireless technology.

BAUHAUS IT'S ALL ABOUT YOU MUSIC IN THE BATHROOM

Catch the latest traffic news or weather update first thing in the morning or listen to your favourite download tunes whilst you're preparing to leave the house. With a quick and simple connection to the integrated stereo speakers with *Bluetooth*[®] wireless technology, the system performs with excellent sound quality. Combined with technology preventing the mirror from misting up, functional and high quality LED lighting, you can be assured you have the finest mirror design adorning your bathroom wall.

BAUHAUS IT'S ALL ABOUT YOU

ILLUMINATED MIRRORS FEATURES & BENEFITS

The range features thoughtful details such as demister pads and touch free on/off motion sensors as standard. These backlit mirrors provide brilliant illumination, whilst the clean crisp shapes enhance any bathroom design scheme.

1 HEATED DEMISTER PAD

All the mirrors come with heated demister pads, making steamy mirrors a thing of the past. These pads heat the mirror to a few degrees above room temperature within 2-3 minutes, preventing the mirror from misting in even the steamiest of bathrooms. The demisting effect will spread approximately 10-20% further than the pad itself.

2 NO TOUCH INFRARED ON/OFF SWITCH

All Bauhaus mirrors are equipped with a no touch infrared on/off switch situated on the side of the mirror, thus removing fingerprints from the mirror surface or pull switch.

3 IP44 RATED CLASS 1 RATED

All mirrors are IP44, Class 1 rated and suitable for installation in Zones 2 and 3 of a bath or shower room. See page 265 for more information on electrical safety and installation.

4 5MM MIRROR GLASS

PVC film backed safety glass complying to EN6206:1961 that avoids dangerous shards being created in case of an accident. A special treatment is also applied to the mirror edge that prevents the risk of mirror edges becoming discoloured.

5 LED LIGHTING

Providing superb function with fabulous decorative style, all mirrors feature the latest high luminosity, low energy consuming LED lighting.

LANDSCAPE & PORTRAIT MOUNTING (except Edge)

Most of our mirrors can be hung at landscape or portrait positions. Where this facility is available, the sensor switch is located on the bottom left and side for a portrait hung and bottom right hand side for landscape hung.

Important notes

Mirrors must be mounted so that the sensor switch is a minimum of 150mm from an adjacent wall or obstruction to ensure function of the sensor switch. If a mirror is mounted portrait, the sensor is located on the bottom right hand edge of the mirror. If mounted landscape, the sensor switch is located on the bottom left hand corner. All mirrors are IP44, Class 1 rated and suitable for installation in Zones 2 and 3 of a bath or shower room, see page 281 for more information on electrical safety and installation.

MADE IN ITALY
DESIGNED FOR
THE UK

All of our ceramic sanitary ware is manufactured in Italy yet designed specifically for use in UK bathrooms

SUITES

Choose exceptional Italian styling with Bauhaus suites. Sanitary ware is created using only the finest materials and the latest production techniques. Designed and manufactured in Civita Castellana - heart of the world famous Italian ceramic production for bathrooms, each range has been created for the UK bathroom. From understated simplicity to pioneering design statements, these beautifully crafted ranges reflect a sense of individual style.

CONTEMPORARY AND CURVACEOUS

STREAM II

Sumptuous curved contours anchor the Italian design coupled with the underlying acumen with ceramics. Choose from wall or floor mounted options with a fully glazed flushing rim and luxe touches such as soft close seats. Featuring reduced projection to suit UK bathrooms, they've also been fully leak tested.

Furniture shown: Essence Ebony Tap shown: Essence Illuminated Mirror shown: Solo Accessories shown: Zeya Flush Plate shown: Solo

Used in the finest designer hotels across Europe, the curvaceous contours and characteristic shape is the essence of Italian panache. For a modern hotel look, team with the fashionable bidet, complete with concealed fixings for a pristine look. With wall mounted and floor standing options, Stream II is enduringly designed to lift and unify a bathroom scheme.

THE ESSENCE OF ITALIAN PANACHE

BAUHAUS IT'S ALL ABOUT YOU
SOPHISTICATED EUROPEAN DESIGN

If you've visited Continental Europe, it's likely the bathroom featured a bidet. They're the epitome of European sophistication, hugely hygienic and practical too. If you have the space, take heed from our designer cousins and choose from floor standing and wall mounted versions. There are also ergonomic douche valves available or a wide selection of bidet mixers to beautifully match basin and bath taps.

BAUHAUS IT'S ALL ABOUT YOU
TRANSCENDENT CERAMIC DESIGN
MEETS PRACTICALITY

Excellence in design is the cornerstone of all Bauhaus sanitary ware. We aim to exceed expectations and also recognize that high quality styled products need to synonymously withstand the day-to-day demands of the bathroom. We rigorously select the highest quality materials that are all extensively tested to European performance and quality standards. We also employ our own testing standards to guarantee your product lasts a lifetime. Second to none, each piece of our porcelain has been created to the highest of standards using the distinctive Vitreous China for WC's and Fine Fireclay for all basins. All WC's are designed function at a lower 4 and 3 litre flush to meet building regulations, in addition to the 6 and 3 litre flush

There's a style to suit all lifestyles from contemporary Touch, a strong, linear design and the new Wisp range that displays timeless, gently sculpted shapes. For distinguished styles, the architectural Linea range conveys hotel chic style, even in the smallest of spaces or choose elegantly balanced Celeste, a juxtaposed design with curvaceous silhouettes and practical details such as a shorter projection to suit British bathrooms.

SUPPORT FRAMES & CISTERNS

Modern bathroom design enhances a natural feeling of light and space that can convert the smallest of bathrooms into a luxurious retreat. WC wall frames and concealed cisterns capture this essence, whilst beautiful flush plates stylishly conceal all essential working parts, so you can utilise your bathroom to its full potential.

INSTALLATION SOLUTIONS FOR ANY BATHROOM SUITE

At Bauhaus, we take great pride in placing the upmost care and attention on the technical functions ensuring every precise detail performs beyond your expectations. To create a completely desirable bathroom, it's a worthwhile investment to incorporate technically advanced structures that are easy to install. The range is designed specifically for UK homes, featuring an array of innovative

designs and installation features, which is why our products are renowned for excellence in design and quality. Lifestyle changes and technological advances have transformed bathrooms from a purely functional space into the most indulgent retreat in the home. The installation systems ensure that only the stylish features are on display - they're also quick and easy to fit with superior flushing performance.

LAYOUT VERSATILITY SYSTEMS FOR ANY SIZE BATHROOM

Whatever the size or shape of your bathroom, Bauhaus fitting systems can be utilised in any bathroom to safely install a WC, basin or bidet that suits your lifestyle. The smart and versatile systems mean that you can take your design aspirations and make them a reality. Easily install a toilet right next door to a shower by having the cistern concealed in a wall, or fit the WC into an awkward corner with the ingenious angled bracket. The back-to-wall WC is perfect for complementing the WC cisterns when concealed within furniture or a cavity.

See page 214 for wall hung WC frames,
page 220 for wall hung bidet frames.

SIMPLE INSTALLATION SYSTEMS FOR ALL SURFACES

From large new build family bathrooms to modernising a bijou en suite, the ease of installing Bauhaus flushing systems ensures that your project runs smoothly. Time and cost effective, frames can be built into a wall cavity or placed in front of a wall using a clever cistern surround. If you want to tile a wall, select a waterproof frame surrounds that can also be tiled. Alternatively, for a completely harmonised bathroom scheme, simply choose a surround to match your Bauhaus furniture.

See page 218 for WC furniture.

Mid height concealed WC cistern
see page 216

WALL HUNG SUPPORT FRAMES SPACE SAVING DESIGNS

Wall mounted WC's, basins and even bidets are becoming the favoured choice of style-savvy homeowners and designers. Open up the smallest of spaces or enhance larger bathrooms by creating more floor space, which instantly creates the illusion of space. For busy family bathrooms, it's also quicker and easier to clean.

Wall hung WC frames, see page 214

Wall hung bidet frames, see page 220

Wall hung basin frames, see page 221

EFFICIENT QUIET & ECO-FRIENDLY

As with all Bauhaus products, installation systems offer an array of outstanding features and benefits. All cisterns are extremely quiet with an option to install pads to deaden any sound even further. They also feature dual flush technology so you can choose how much water you use, which can also cleverly help you to save even more water by simply adjusting the larger flush to the reduced water volume setting. Plates are available in a choice of designs and colours to complement your bathroom scheme and to suit your taste.

Press the large button and flush with the entire water volume.

Press the Eco button and flush with a reduced three-litre volume.

CHOOSE DUAL FLUSH TECHNOLOGY
AND USE UP TO **50% LESS WATER**

WALL HUNG WC SUPPORT FRAMES

Wall mounted furniture cleverly makes a compact bathroom appear less cluttered and more spacious. There's a range of frame sizes to suit larger rooms and a ultra slim designs for those seeking a more sleek, minimalistic look.

CONCEALED PEACE AND QUIET IN YOUR BATHROOM

A tiled surround enables you to fit tiles on the cistern to match the existing tiles in your bathroom scheme. The perfect finishing touch, it also provides better sound insulation.

BAUHAUS IT'S ALL ABOUT YOU MATCHING STORAGE & FURNITURE

Even if you have a traditional style WC, the cleverly designed accessories and furniture allows for the cistern to be encased within the furniture to beautifully complete other storage. The perfect option where the wall cavity is unsuitable to conceal a cistern or if you prefer a floor standing WC that conceals the flushing system.

THE FINISHING TOUCH SMART DETAILS

There's a wide choice of flush plate styles and colours available to beautifully complement any bathroom design. Completing a well-dressed bathroom, look to match brassware, WC contours or décor, to suit your own personal taste. Compatible to both framed and concealed cisterns, they feature an ingenious yet simple connection method to ensure high performance and functionality every time. An eco friendly option, the dual-flush function helps you reduce water consumption, whilst cisterns are supplied at 6 and 3 litres for further water saving capabilities. Part G compliant to meet water consumption regulations, all cisterns can be easily adjusted to reduce the larger flush volume to 4.5 litres after installation.

WALL HUNG BIDET SUPPORT FRAME

A fashionable luxury for any bathroom. Height adjustable so you can have the bidet installed to suit you and your bathroom. Providing reliable flush technology, the frame effectively conceal the functional detailing of the system. Our high quality bidet support frame and mounting rails ensures that they're 100% safe and secure with each frame designed and fully tested to hold up to 400kg in weight.

WALL HUNG BIDET SUPPORT FRAME

BAUHAUS IT'S ALL ABOUT YOU WATER SAVING TAPS

We are all under pressure to save water in order to help the environment and reduce climate change. Part G of the governments' building regulations now requires all new domestic buildings to meet a maximum water consumption of 125 litres per person each day.

You can help to reduce the water consumption of your household by easily inserting a flow regulator into your basin tap or shower hose. This will allow you to control the amount of water your taps use.

BASINS

From the cool simplicity of minimal designs to the most luxurious proportions of grander ideals, all our basins are designed with integrity and refinement. Higher water pressures or pumped water supply systems will influence the suitability of your chosen tap and basin, so take note of your water pressure. A high pressure reducing valve or flow restrictor will give you added flexibility, ask your retailer for details.

STYLE FINDER	228	UNDERMOUNT	248

WALL MOUNTED	242	BASIN WASTES	264
CULTURED MINERAL MARBLE	246		

STYLE FINDER

Whether your sourcing for a small cloakroom, a luxury designer suite or practical family bathroom, it's important you choose the right style of basin. With such a vast range of designs you'll feel spoilt for choice so, we've created the definitive UK guide below to help you choose a style.

 COUNTERTOP 238

Mounted onto a worktop console or piece of vanity furniture, this style of washbasin provides ample storage below for a variety of bathroom items, whilst also concealing the plumbing. Thoughtfully designed, full countertop basins are finished all the way around to allow you to beautifully accessorise with a mirror that can be hung directly behind.

 BACK TO WALL COUNTERTOP 238

A flexible design that's suitable for mounting onto a vanity unit or within a worktop, this style can also be wall hung. Depending on your preference for fitting, if you choose to install in a vanity unit or worktop, a hole needs to be cut and waterproofed to accommodate the basin. The design features pre-drilled holes at the back should you wish to wall hang, therefore it's unsuitable to feature a mirror behind.

 WALL MOUNTED 242

The most popular basin style, selected ranges can also function as a practical countertop. Convenient to install, extra care should be taken when mounting to a solid or external wall. Depending on the size and weight of the washbasin, it's advisable to fix the basin to a mounting board behind a stud-framed wall. For secure installation, pre-drilled holes on the back edge are visually apparent on all wall hung designs.

 UNDERMOUNT 248

This style of basin is fixed to the underside of the worktop and must be securely fixed using a metal bracket and silicone. A designer touch, this style is the perfect solution to utilitarian schemes with a minimal amount of white porcelain on show. It's important to ensure that worktops are cut out from a template of the actual basin, it will also require a waterproof finish.

 INSET 250

A super all rounder that can accommodate all tastes, an inset basin style can be simply placed onto a furniture carcass or by cutting out the area of your worktop. A stunning finish, this style of basin creates a stunning feature in any style of bathroom. Choose from linea designs to subtle curvaceous shapes to complement your scheme.

 SEMI INSET 250

This design creates an element of interest where it's partly inlaid into a vanity unit or the surface of a worktop and the front of the basin protrudes beyond the front edge. This style of basin is comfortable to use and is a design that's increasingly becoming popular in main bathrooms.

Please Note. When choosing a basin mixer (mini, standard, tall or wall mounted) and basin please take note of your water pressure. Higher water pressures or a pumped water supply system may also influence the style or size of basin you choose and type of tap used. The use of a high pressure reducing valve or flow restrictor will add to the flexibility of choice you have. Please seek advice from your retailer.

BAUHAUS IT'S ALL ABOUT YOU FUNCTIONAL DESIGN WITH COMPLEMENTARY BRASSWARE AND BASINS

Selecting the right tap for your basin is essential to achieve your desired look and performance. Always select the basin before the tap fittings and ensure you choose a washbasin that can accommodate your choice of tap. When choosing a basin and mixer, consider your water pressure. Higher water pressures or pumped water supply systems will influence the suitability of your chosen tap and basin, so take note of your water pressure. A high pressure reducing valve or flow restrictor will give you added flexibility.

General. Check if the basins come with tap holes. For basins without tap holes, you'll need a taller mixer with a longer spout because of the extra height or a wall mounted tap. Always select the basin before the tap fittings as some mixers are restricted to use only for certain basins. Ensure you choose a washbasin that can accommodate your choice of tap. Washbasins are available in a variety of sizes and shapes and often the style and format of tap can play a large part in one's choice of washbasin.

Note: Higher water pressures or pumped supply systems may also influence the size of basin and performance of tap used.

Cleaning/Maintenance. Regular cleaning with a mild detergent and clean sponge will keep your white basin in excellent condition. Periodic treatment with a lime scale remover may be required in hard water areas.

Ceramic basin with Platinum finish

GALLERY

THE FINEST CERAMIC BASINS

Taking its cue from ancient fine art, our latest collection of beautifully formed basins has been created to offer pioneering ceramic design with stunning visual appeal. Featuring a creative mix of shapes from organic, elegantly refined forms to slender architectural designs and squared styles with softened angles, Gallery basins are also a leap forward in ceramic technology. Produced from fine fire clay that allows for more complex designs and a super-slim wall profile, this incredibly durable product is light in weight too. Finished in a white glaze, opt for our superlative 'Platinum' finish for a glamorous hint of luxury in any bathroom.

BAUHAUS IT'S ALL ABOUT YOU

WHITER THAN WHITE FOR THAT SHARP MINIMAL LOOK

Cultured mineral marble basins are produced from natural mineral and stone particles, polyester and resin bonding agents. Cast in specially made moulds the basins are finished in a tough, hardwearing scratch resistant Gelcoat® with a perfect white gloss finish.

The uniform surface is warm to the touch by cleverly adopting the ambient room temperature. The surface finish unlike ceramic lacks any pores or gaps so is easy to maintain and clean.

Unique shapes and designs

Flat bases

Resistant to sunlight (UV)

Impact resistant, easy to repair

BASIN & FURNITURE COMPATIBILITY

We want your bathroom to be completed just as you had imagined. To ensure your basin is compatible with the furniture you've chosen, use this handy table on the opposite page.

Furniture: Edge 120 Basins: Globe

Furniture: Edge 80 Basin: Scoop

Furniture: Glide II 50 Basin: Anabel

Furniture: Edge 120 Basin: Sevillas

BAUHAUS IT'S ALL ABOUT YOU COMPLEMENTING RANGES

To ensure your bathroom functions and looks as good as you have expected it to, we have carefully selected ranges that not only complement each other beautifully, but ensure that their designs are also compatible. For a truly harmonious scheme, browse the ranges in the table opposite to help you select the best ranges to suitably mix and match.

HEATING AND ELECTRIC (HE)

Also known as dual fuel or dual energy. Connected to a central heating circuit and including an electrical element which allows operation in summer months when the central heating is not in use.

All Summer Heating Elements are IP54 rated.

Electric Element 150w
RADX300 £60.00

Electric Element 300w
RADX350 £65.00

Electric Element 600w
RADX700 £75.00

Summer Heating Elements are supplied with T Piece.

Please refer to the bathroom zone diagram when using electrical components within the bathroom environment, see opposite page.

The summer element is equipped with a thermal fuse that will cut out at 65C, with a total shut down safety setting at 78C.

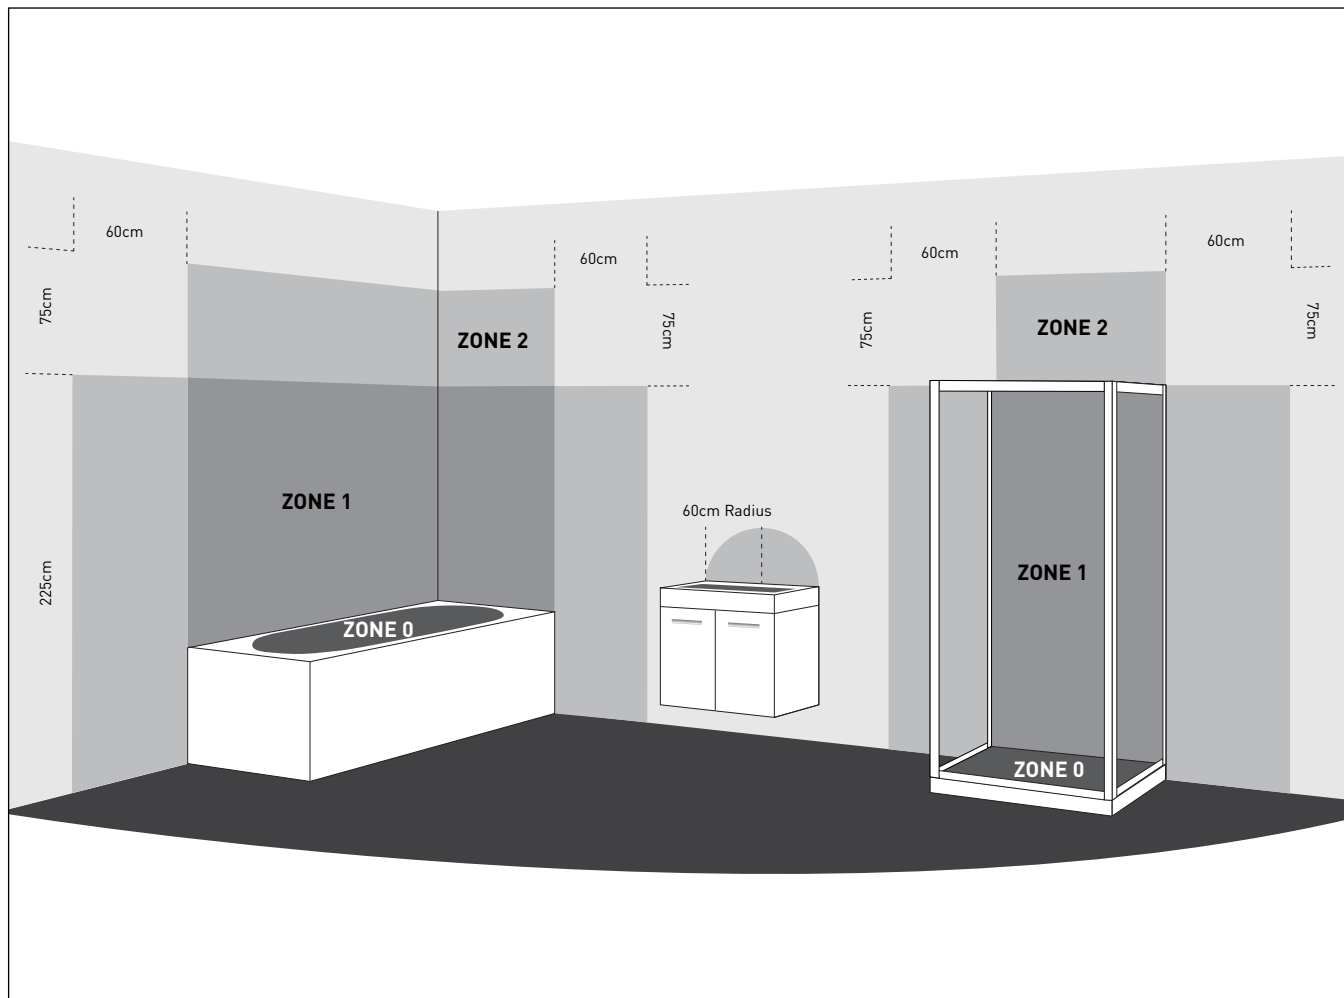

BAUHAUS IT'S ALL ABOUT YOU COORDINATING VALVES

For a streamlined, sleek look, choose from Italian designed cubist valves to curved shapes that perfectly complement your towel rail. As a final finishing touch that brings an elegant fluidity to the entire scheme, the double angled valves sit horizontally flush with the rail so they're ultimately functional too.

ELECTRICAL INFORMATION

The diagram below is supplied as a guide to Bathroom Zones as referred to in IP ratings of the over mirror lamps and electric heating elements. Please refer to the latest edition of BS 7671:2008(2011) to ensure conformity.

It is important to install light fittings and electric towel rail elements in the correct bathroom zone i.e. the zone referred to in the IP rating of the element. This is not an installation guide and reference should be made to the latest edition of the IET Wiring Regulations or a qualified electrician member of NICEIC or IET.

Zone 0 is inside the bath or shower tray itself. Any appliance used in this zone must be rated at least IP67 which is total immersion proof.

Zone 1 is the area above the bath or shower tray to a height of 2.25m from the floor. In this zone a minimum rating of IP44 is required and elements must also be protected by a 30mA residual current device (RCD) to protect the circuit. The electrical connection to the power supply for these appliances must be in Zones 2/3 of the bathroom in compliance with BS 7671:2008(2011) - IEE Wiring Regulations.

Zone 2 is an area stretching 0.6m outside the perimeter of the bath and to a height of 2.25m from the floor. In this zone an IP rating of at least IP44 is required. In addition it is good practice to consider the area around a washbasin, within a 60cm radius of any tap to be considered as zone 2.

Bauhaus IP44 lamps come without a pull switch, and are designed to operated via an existing and suitable room light switch.

Failure to have electrical products installed and certificated by a qualified electrical engineer will invalidate any product guarantee.

For full details reference should be made to the latest copy of the IEE wiring regulations and all applicable British Standard and European norm specifications.

TOWEL RAIL TECHNICAL INFORMATION

Please use the table below to select the correct towel rail for you bathroom.

IT'S EASIER THAN EVER TO BROWSE OUR FULL COLLECTION

Here at Crosswater we have everything you need for your bathroom, from bathroom taps, furniture, shower enclosures and much more. We want to make planning your bathroom a pleasurable experience, so we've created three ways for you to view our products online. Our eBrochures, App brochures and comprehensive website make browsing our products even easier as all can all be viewed electronically, whilst supporting the environment by reducing printed material.

1 eBROCHURES

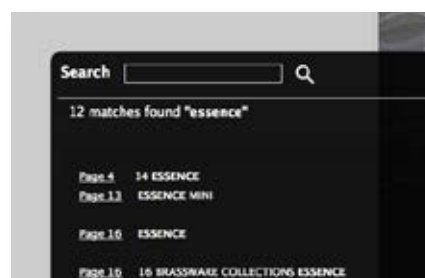

Try our online eBrochures and browse at your leisure on your PC, laptop or tablet device. Once loaded, use the navigation arrows to browse through the brochure pages or drag the page corners for a great page-turn effect. Click within a page to zoom in and again to zoom back out.

FEATURES

- Smooth page turn function
- Quick search feature
- Note writing feature
- Bookmark feature
- Email pages to a friend

Write notes on any page

Use the quick search feature to go directly to a product page

2 APP BROCHURES

We have developed a selection of FREE App Brochures that enable you to view our full range in easy to read and logical chapters. Our App Brochures are available for both Apple and Android users.

Great touch screen functionality

3 WEBSITE

Our comprehensive easy to use website features detailed product information including dimensions and installation guides.

www.crosswater.co.uk

WHY VISIT YOUR LOCAL BATHROOM SPECIALIST?

Designing, planning and buying a new bathroom should be a truly enjoyable and ultimately rewarding experience.

At Crosswater we believe that by far the best place to buy your bathroom is at an independent bathroom specialist, why?.....

1 EXPERIENCE & EXPERTISE

Specialist bathroom retailers offer a wealth of experience and skill to ensure you receive an impeccable and personal service throughout your bathroom project whatever the size, including help with installation and local tradesman.

2 DESIGN CONSULTATIONS

Specialist bathroom retailers can offer knowledgeable assistance with room layout design and technical considerations - most will do this at in the comfort of your own home. Many can provide full 3D design plans so you can visualize your bathroom before its fitted.

3 TEST DRIVE SHOWROOM DISPLAY PRODUCTS

Browse, touch and test a huge variety of bathroom products in comfortable surroundings, and receive qualified and fully trained advice on each and every aspect of the products - you simply cannot do this online.

4 AFTER SALES CARE

Once you have purchased from a bathroom specialist you can get personal and most importantly local after sales support.

PRODUCT QUALITY

TOTAL PEACE OF MIND

All Crosswater products are designed and produced to the most exacting British and European standards covering performance, durability and safety. To back this up, all Crosswater products carry extensive guarantees, details of which are available at the back of this brochure, online, or by asking your local retailer.

THERE'S A LOCAL BATHROOM SPECIALIST NEAR YOU

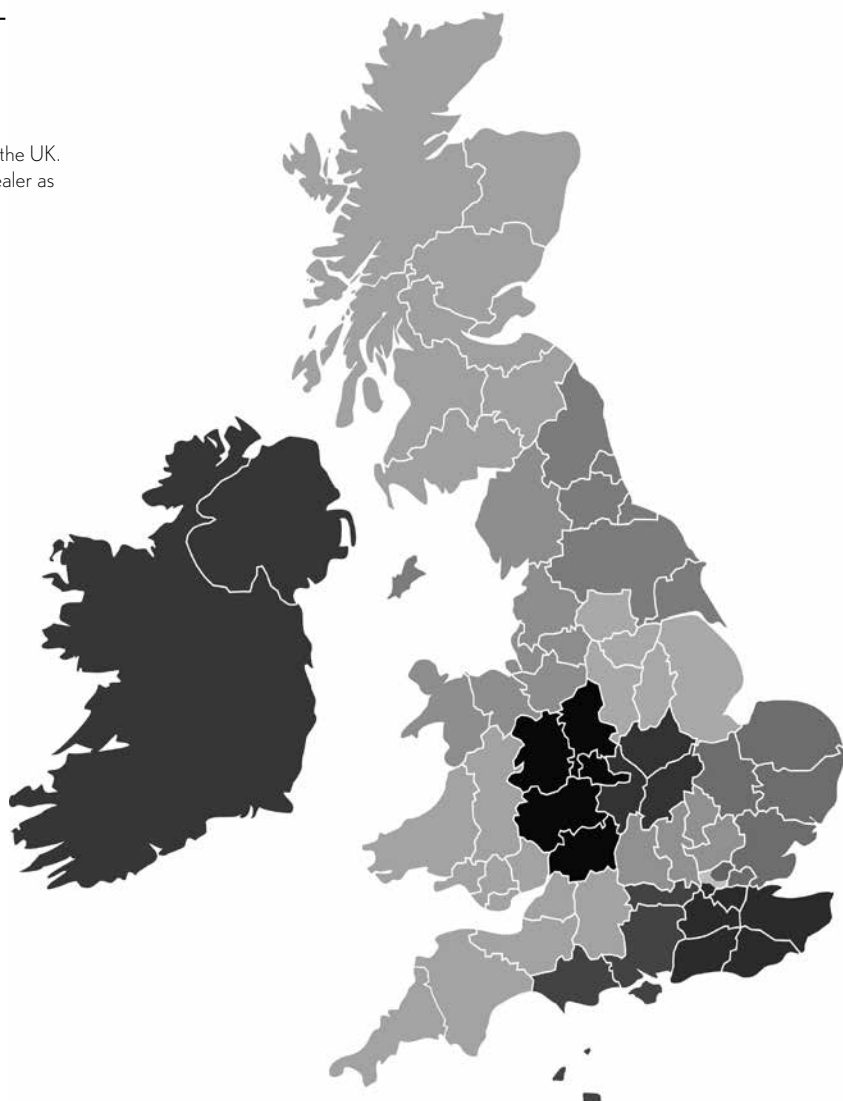

There are almost 600 independent bathroom retail specialists in the UK. The 'Where to Buy' feature on our website allows you to find a dealer as close to home as possible.

These stores present the largest choice of our products locally, including approved dealer status for Digital, Mike Pro and Kelly Hoppen ranges. Some outlets display products and ideas within dedicated "Crosswater Shop-in-Shop areas", some demo products are fully working and you can consult with fully trained sales people on all aspects of your bathroom project.

Specialists in at least one of our brands, with most stores offering a wide range of Crosswater products from within high quality display settings including many of the products featured in this catalogue. Stores have a knowledgeable Crosswater product expert available from initial visit through design and installation.

PRICES

This price list supersedes all previous publications with goods being invoiced at prices ruling on date of despatch. Prices are subject to alteration without notice and include VAT.

DELIVERY

Orders in excess of £50.00 nett invoice value will not be subject to carriage charge and will be delivered within two working days from receipt of order. Orders below £50.00 will be subject to a fixed charge of £5.00.

We will endeavour to deliver all orders on time and in full however we shall be under no liability for any delay or failure to deliver products. Any claim for non-delivery must be reported to the company within 14 working days from the date of delivery, such claims will not be accepted for deliveries to a third party delivery address.

RETURNED GOODS

Goods may only be returned for credit after receiving written agreement from the company. Cancelled orders will be subject to a fixed charge of 25%. Damaged goods will not be accepted. Goods not required may be returned within 14 days of the purchase date; all returned items must be in the original packaging and will be subject to 25% fixed charge. Special orders are non returnable.

RETENTION OF TITLE

Ownership of goods shall remain in the Company until full payment has been received for all goods comprised in this contract. If any goods are re-sold before payment is made the Company's right of ownership shall be transferred to the proceeds of sale or to the claim for such proceeds.

LIABILITY

All quotations are given and goods sold subject to the conditions that the seller's liability is limited to goods proved to have been defective in material or workmanship when they left the sellers works. No claim will be accepted where goods have not been used for the purpose for which they were intended, not fitted correctly, not maintained to the seller's recommended standards or have been abused or misused.

ERRORS & OMISSIONS

In the interest of continuing design and development and product improvement, Bauhaus reserve the right to change colour, designs and product specifications without prior notice.

PRODUCT COMPATIBILITY

Whilst the majority of Bauhaus products are compatible, care should be taken on product selection prior to ordering to avoid installation issues. Technical drawings are available on our website or on request.

GENERAL

The colours and finishes reproduced in this brochure are as accurate as the photography and printing process allows but may vary from the actual colours. Product sizes stated are nominal and should be checked against product. It is strongly advised that all bathrooms are well heated and ventilated.

It is the responsibility of the individual installer to ensure that these products are fitted correctly and in line with the instructions provided. Failure to comply with the recommended fitting instructions will invalidate the guarantee.

EASY INSTALLATION

Celeste, Design, Elite, Linea, Solo, Stream and Touch wall hung furniture incorporates a factory fitted hanging system that allows safe and simple installation. Some furniture products are reversible for left or right hand door opening.

INSTALLATION NOTES

When installing a wall hung pan or wash basin please ensure that appropriate fixings or suitable framework are used. When purchasing a wall hung pan, wash basin or bidet on its own Bauhaus does not supply any fixings. We strongly recommend all furniture and ceramics be fitted to a tiled surface, not tiled up to, this will assist any future maintenance. Due to the weight of some products you must ensure that the walls to which fixing is to be carried out are of a suitable construction to support the product.

SUITES AND BASIN CERAMICS

Vitreous China is an extremely hard, non-porous product; but it is also breakable and therefore must not be put under stress during installation. Basin waste fittings if over tightened will create stress within the ceramic material which may in time cause the failure of the product. Waste fittings should be carefully sealed in silicone and the back nut hand tightened, one additional and final quarter turn using a suitable spanner is sufficient to create the required watertight seal. Care should also be taken when fitting brassware to tap platforms in order to prevent similar stress related failures. All products should be inspected before attempting installation.

CARE AND CLEANING

Bauhaus furniture, ceramic, accessories and radiators are made to the highest standards, by following the simple guidelines below will provide you with many years of enjoyable service.

General:

NEVER use products containing bleach, caustic soda, cleaners of a gritty or abrasive nature or so called "glass and mirror" cleaning products.

Furniture:

Apart from regular wiping off the furniture units can be cleaned with a moist soft or micro fibre cloth. Any stubborn marks can be removed with diluted mild detergent e.g. washing up liquid.

Mirrors, cabinets and light fittings:

Clean only with a micro fibre cloth, NEVER use "glass and mirror" cleaning products

Sanitary ware, toilet seats and ceramics:

Sanitary ware/ceramics should be cleaned after use by applying a little cream-type cleaner using a sponge or damp cloth and rinsed thoroughly with clean water. In hard water areas a good quality lime-scale remover can be applied.

Toilet seats should only be cleaned using a diluted mild detergent e.g. washing up liquid or warm non-abrasive soapy water; products containing bleach can lead to staining. Toilet seat hinges should be cleaned ONLY using a moist soft or micro fibre cloth. Any stubborn marks can be removed with diluted mild detergent e.g. washing up liquid.

Cast mineral resin basins:

The high gloss polished finish is easily cleaned using a diluted mild detergent e.g. washing up liquid or warm non-abrasive soapy water; in hard water areas a good quality lime-scale remover can be applied. Accidental spillages of household chemicals, nail polish, hair dye should be removed immediately, clean the surface with warm soapy water and wipe dry.

We recommend regular application of Bauhaus Mineral Basin Cream Polish SD15ORW this will assist in preventing the build up of lime scale and retain the gloss lustre.

Towel Warmers:

Should be cleaned when cold with a moist soft or micro fibre cloth. Any stubborn surface or oxidation marks can be cleaned with Maas® Metal Polishing Crème, that will leave a long-lasting, fingerprint-repelling protective finish.

PRODUCT GUARANTEE*

All Bauhaus products unless otherwise stated carry a 15 year guarantee, which covers all manufacturing defaults. This guarantee does not cover damage during fitting or misuse.

- The guarantee is only available to original purchasers who have proof of purchase.
- If the product has been installed, Bauhaus must be given the opportunity to inspect the product in the installed condition.
- If the product is defective in materials or manufacture the original purchaser must contact our Technical Department within 30 days of the fault occurring. If the fault is not resolved the goods should be returned to Bauhaus and at our discretion we will refund the purchase price, repair and return the goods to you or send new goods or parts to you as a replacement, this shall constitute our sole obligation under this guarantee.
- Due to a continuous development program. If in our opinion the product has failed under the terms of the guarantee and a replacement is offered but identical goods are no longer available, Bauhaus will replace it with our nearest equivalent product.
- This guarantee covers normal use; it does not cover faults caused by incorrect installation, wilful damage, neglect, misuse, modification, inappropriate cleaning, accidental damage and other events outside Bauhaus control.
- The guarantee does not cover any product that has been altered or modified in any way without the prior written consent of Bauhaus.
- If a claim is made under this guarantee, and the defect is not due to faulty materials or manufacture, Bauhaus reserve the right to charge the customer at the current hourly rate in respect of any service engineer time.
- The guarantee is only valid for products purchased, installed and used in the United Kingdom.
- The guarantee does not cover ex-display units.
- The benefit of this guarantee cannot be transferred to a third party.

The guarantee is in addition to and does not affect your statutory rights.

In the interest of continuing design, development and product improvement, Bauhaus reserve the right to change colour, designs and product specifications without prior notice.

*Bauhaus products carry guarantees against manufacturing defects as follows, sanitary ware, ceramic and cast marble basins 15 years; bathroom furniture, illuminated mirrors, bathroom cabinets and towel warmers 5 years. Cistern fittings and toilet seats 1 year. Consumable items such as light bulbs and tubes also carry a 12 month guarantee against manufacturing defects.

General wear and tear to any of the above items would be considered a specific exclusion.
